What would be your goals as HOD Officer?

Building communication with the AARC BOD and executive office by fostering and
developing leaders within the HOD and through AARC membership.

Develop a mentorship program for members, students, and prospective leaders.

Promoting best practices within the chartered affiliates and developing a way to share
those practices among affiliate's members that is easily accessible.

Run a smooth and effective meeting that addresses important issues facing our
profession and develop a method of reaching the membership with important
information from those meetings.

Be available for questions and concerns and give membership an opportunity to bring
concerns forward to the organization.

NOMINEES FOR SPEAKER-ELECT

NAME Dawn Rost, BS RRT
ADDRESS 26127 Whispering Woods Circle
Plainfield, IL 60585

AARC member since 2000

Job title: Clinical Specialist, Bunnell Inc

Current job: Currently I work as a Clinical Specialist with Bunnell, Inc., teaching respiratory therapists, physicians and nurses about High Frequency Jet Ventilation and Lung Injury. Cover the Great Lakes Region which includes nine states. We provide education to hospitals already utilizing Jet Ventilation and also to those groups of individuals who would like to learn more about it that may not be currently using it within their facility. We travel to state society meetings as vendors as well as providing speakers about lung injury and non-conventional ventilation.
