maximizing your membership

We Want to Help You Get the Most Out of Membership

All [benefits and services](#) you receive as an AARC member fall into one of the 7 categories listed below. Please visit the Member Services area on [AARC.org](#) to see the most current list and learn more about them.

AARC Benefits & Services

News, Information and Resources

Connections and Communications

Professional Development

Continuing Education

Program and Product Discounts

Career Assistance

Personal Insurance Programs

Learn how to access Members-Only areas of the website.

Option 1

Use your member number to log in to certain areas of [www.aarc.org](#), like the online Officiary and CRCE Look Up

Option 2

Other areas require you to log in using your member number and a password. You'll use this method for tasks like registering for a webcast or taking a test in Examination Central.

We've given you a default password that is your AARC member number plus your first and last initial. For example, if your member number is 1234567 and your name is Rupert Malloy, you would enter:

Login: 1234567

Password: 1234567rm

Don't forget to change your password!

6 characters minimum, alpha or numeric.

You and the AARC:

Working to make sure respiratory therapists are prepared to provide the best care possible.

AARC CRCE
Continuing Respiratory Care Education

Earn CRCE by successfully completing these self-study AARC courses approved for CRCE.

Free Courses for AARC members

AARC Webcasts
AARC members earn free continuing education contact hours by participating in live web casts. All web casts may be viewed at no charge. 1.0 CRCE. Free to AARC members. \$105 for non-members.*

A Guide to Aerosol Delivery Devices for Respiratory Therapists
Read the latest information on aerosol medications and their delivery devices. Supported by an educational grant from Philips Respironics. 6.0 CRCE. Free to AARC members. \$15 for non-members.

Asthma Triggers and the Respiratory Therapist
Two presentations developed by the ARCF and the Environmental Protection Agency are available. Part 1 deals with indoor asthma triggers; part 2 talks about an expanded role for respiratory therapists in allergy skin testing. Both help you better help your patients. 6.0 CRCE. Free to AARC members. Free to non-members.

The Clinician's Guide to PAP Adherence
The AARC has developed this guide to train clinicians how to communicate with patients, identify why adherence is poor, and intercede with interventions that may improve compliance. 4.0 CRCE. Free to AARC members. \$15 for non-members.
