ATTEND AARC'S RESPIRATORY PATIENT ADVOCACY MEETING

October 14, 2016 · Grand Hyatt San Antonio, Texas Ballroom, Salon B · 11:45 am – 5:00 pm

Held in conjunction with AARC's International Respiratory Congress Oct. 15-18

Help Enact Change for Quality Respiratory Patient Care

Patients with chronic respiratory conditions and caregivers know that it's essential for medical professionals and patients to communicate, share information, and join together to achieve the best in patient care and quality of life.

The AARC Respiratory Patient Advocacy Summit meeting's mission is to build partnerships between chronic respiratory patients, caregivers, advocates, physicians, and respiratory therapists — and to align goals towards improving the patient care, equipment, and services.

The Summit provides lectures and discussions with top physicians, respiratory therapists and advocates to share their clinical insights and strategies to improve patient care. Guests will also have an opportunity to participate in roundtable discussions and connect with influencers in the respiratory industry. **Register Today!**

Lunch and refreshments will be provided
