

Our Program Committee is comprised of specialized experts from across the profession who rely on the collective expertise of our stakeholder groups, the respiratory therapists, to submit cutting edge proposals from content experts.

These educational events are multi-disciplinary and cover topics important to all specialties within the profession. The Program Committees is seeking content specific to the following categories:

- Adult Critical Care
- DEI
- Diagnostics
- Educator Development
- Patient Safety & Ethics
- Pulmonary Rehab
- Respiratory Department Education
- Respiratory Program/Faculty Education
- Respiratory Support Home Care
- RT Value & Leadership Development
- Sleep Disorders
- Transport
- Neonatal/Pediatric Critical Care
