Since 1947, the AARC has been leading the effort to advance the respiratory care profession and promote high-quality, cost-effective, patient-centric respiratory care. Collaborating with our 48 state organizations and other medical organizations, we have successfully advocated at the federal, state and local level for patients, their families, the community, the profession and the respiratory therapist.

**AARC’s Corporate Partners Objectives**

The combined efforts between the respiratory care profession and industry in pursuing unique and innovative ways to improve both the quality and outcomes of our patients make us natural partners in today’s healthcare continuum.

As health care finances become more strained and patient care becomes increasingly more complex, the mutual challenges become greater for the profession and its industry partners. The inherent synergies of the corporate partner concept are to provide an effective way to address those needs utilizing our combined skills and resources.

**AARC’s Corporate Partners Levels**

Since AARC’s Corporate Partner Program Inception in 2003, the program has been based off an annual Corporate Partner spend. AARC’s three-tiered Partner status is based on a one-time annual fee assessed each year in January. The following are the 3 levels:

- **Platinum Level** $20,000
- **Gold Level** $17,500
- **Silver Level** $14,500

**AARC’s Commitment to the Corporate Partners**

AARC provides recognition of the partnerships to its membership through announcements in printed and online publications. Corporate Partners also enjoy ongoing acknowledgment and exclusive special privileges that provide avenues for extended exposure of the partner’s marketing efforts. Upon becoming an AARC Corporate Partner, you will receive:

ADVERTISING (Digital)

The American Association for Respiratory Care (AARC) and MultiView, Inc, are partners offering digital advertising on the AARC’s websites, AARC.org, AARConnect, rc.rcjournal.com and *AARC’s Respiratory Care Marketplace*. Retargeting advertising also available.

This relationship provides greater access to the respiratory care market for health industry manufacturers and pharmaceutical companies around the world. Together, the two organizations make it easier for marketers to connect their business with the largest audience in respiratory care.

**AARC Corporate Partner Digital Advertising Parameters**
- At this time, we do not offer discounts through our 3rd party partner for digital advertising in these areas.

**AARC Respiratory Care Marketplace**
- Offers a prominent launch point from new aarc.org homepage.
- No cost identification as Corporate Partners

**AARC Special Publications (See also: Events - Congress)**
Distributed to all Congress attendees.
- Congress Digital Newsletters
- Congress Wrap-Up Newsletter (formerly known as AARC Gazette)
MARKETING AND OTHER ADVERTISING

As part of our desire to increase and improve the benefits of Corporate Partners with the AARC, we have other new and existing exclusive advertising benefits available to Partners.

**Live Focus Groups - $8,000 value**
AARC offers participation and resources for live focus groups. The AARC agrees to secure up to 15 attendees based on a demographic and clinical profile provided by the Corporate Partner.

Selection may be made from these live venues:
- Focus groups at the AARC Congress
- Focus groups at the AARC Summer Forum (avg. 400 attendees: 65% educators and 35% managers)

**Digital Focus Groups - $10,000 value**
The Digital Focus Group is a research program that links the respiratory therapist to marketers through the collection of clinical information. Marketers may use this information to identify and define marketing opportunities; generate, refine, and evaluate new and existing products; and to monitor their market. The AARC Digital Focus Group program is available only to topics related to the field of respiratory care and those that have a business relationship with the AARC.

Digital Programs:
- AARC Turnkey Program - 40% discount
